Award by the Ministry of Labour in Turkey Employment at Fontana Pietro Kalip

I have received this important communication by Selcuk Saracoglu, Vice President of Fontana Pietro Kalip

Dear Walter

I am sending you the Reward received by the Supervisor of the Labour Cabinet. In Turkey this reward is given to **10 companies only every year** by the Ministry of Labour and of Welfare – Management of the Labour Institute.

The text states that they thank us for our collaboration and contribution to employment. Fontana Pietro Kalip counted more than 140 employees last April 2005 after one year working activity.

NB:
This Labour Institute is public.
Its representatives are always serious and reliable people.
No cost is requested for this service.

This service is equivalent to the one provided by the employment office but, being so fragmented in small realities and delocalised in such small villages, it absolutely assumes a national relevance.

Selcuk S.

The Management of Fontana Pietro Spa, main stockholder in Fontana Pietro Kalip, wants to underline how the efforts done in Turkey by Fontana Pietro Kalip have always been supported by the Italian HQ, which have increased local employment (in Calolziocorte and in Italy) of 17% in the last 12 months. Any further comment sounds unnecessary.

Best regards and good job to everybody.
