We are glad to share with you some moments of PODIO FERRARI 2013 held last Tuesday March 7<sup>th</sup> 2013, where President Walter Fontana represented our company FONTANA PIETRO.

*"Our suppliers and partners are crucial for Ferrari achievements both on the racetracks and on the markets all over the world. To you all" – said President Luca Cordero di Montezemolo – "we constantly ask to innovate and grant extreme quality, for Ferrari creates only extraordinary products and must be sure to count on forward-looking and creative partners, able to produce new, original solutions".*

The "Cavallino" stays as the symbol of a strong partnership.

*"It is beautiful to take part to these events and it is even more beautiful to receive an award... We rely on it for next year too, thanks to the commitment of everybody, as it is not just a matter of prestige, but the acknowledgement of the value of an industrial reality like Fontana Group, which has to be supported in terms of Italian Excellence and protected in terms of employment growth".*
